Volunteering is a wonderful thing to do, it makes a huge difference to those you support and gives a positive boost to your own wellbeing as well!

Our volunteers enable us to deliver high quality and reliable services, through short term intervention that promotes independence, wellbeing, and reconnection with the community for local residents. We are currently recruiting volunteers in your area, to support local residents.

The positive impact volunteering has on our client's lives is clear...

"I will be forever grateful for you and all the volunteers. It takes a special kind of person to help and care about total strangers."

"A very big thank you for going over and above in helping me when I needed it most"

"Absolute life savers. Not sure what I would have done without your help - well you can't live without shopping and my volunteer is lovely."

Whether you have a lot or only a little time to offer, and are over 18 years of age, there will be something to suit with the flexible Care Network Cambridgeshire Volunteer roles.

We do not require set day/s or hours each week, unless that works better for you.

Volunteers complete a simple application process, provide two references, and after an appropriate DBS check will be offered an induction session.

After training you will have a named Coordinator, further training opportunities, social events, ongoing support and be reimbursed for any agreed out of pocket expenses!

Would you like to become part of the Care Network Team? For more information, please get in touch.
