## TOP TIPS TO KEEP BURGLARS AT BAY THIS SPRING

Spring is a busy time for burglars who are on the lookout for vulnerable outbuildings to break into. Here are some tips from the *Cambridgeshire Bobby Scheme* to help you protect your outside space:

- Cover windows so burglars can't see what's inside.
- If using a padlock, make sure it's of good quality, ideally with a hardened shackle.
- Consider PIR security lighting that will be activated by movement, as this will attract attention.
- Consider a stand-alone shed alarm.
- Keep bikes locked up together inside a shed and/or secured to an immovable object.
- Mark high-value property with Smart Water or similar permanent security marking system.
- Garden gates should be lockable on the inside and unreachable from the other side.
- Add trellis to fence panels as it is too weak to climb on.
- Check for any vulnerabilities in perimeter fencing and repair.
- For an additional level of security, video doorbell systems can often be extended with additional cameras in a rear garden, or stand-alone cameras that work in conjunction with wi-fi and a smart device, that would alert you to any potential intruder even when away from home.
