# Strong Activity Across Cambridgeshire: April 2024 Property Market Update

**The property market in Cambridgeshire continues to remain busy, with a high number of new homes advertised for sale.**

In total 320 properties were listed for sale in the month of March, up from 297 in February.

Sales numbers remain consistent at 191, giving a listing-to-sale ratio of around 60%.

Average asking prices in the East of England remain steady with annual house prices down only 0.2%. However, March did see an increase of 1.6%, suggesting we may see asking prices creep up throughout 2024.

If you're considering selling a property, we would recommend taking action now to take advantage of the current market. The first step is simple, booking a valuation with one of our experienced property valuers.

Ellis Winters offers free professional valuations, with no hard sell. At the valuation, we'll discuss and demonstrate how much your home is worth, how the current market will affect how you advertise the property, and answer any questions you may have.

To book a valuation, contact your local Ellis Winters branch.
