The Finishing Touch For Your Home

Why is your house full... but your loft is empty?

Local homeowners are discovering storage space they already own

With growing families, home working, and ever-increasing storage demands, many homeowners are finding their houses feel cluttered, even though there's often a large, unused space directly above them.

Home Counties Loft Ladders is a local company that helps homeowners safely and correctly use their loft space. By improving access, lighting and boarded storage areas, most installations are completed in less than a day, with minimal

disruption to the home.

Jamie Oakley, Manager at Home Counties Loft Ladders, explains: *"Most people know their loft is there, they just don't use it because access is awkward or unsafe. Our job is to make that space easy, safe and practical to use."*

"We work to three simple principles: Quality in our materials and workmanship, Integrity in how we treat people's homes, and Value in offering a fair price for a job done properly."

That approach has led to much of the company's work coming from recommendations by previous customers, homeowners who wanted the job done correctly, without mess or hassle.

To find out how you could make better use of your loft, call Jamie on **0808 301 9552** or visit homecountiesloftladders.co.uk to book a free, no-obligation quotation. You may be surprised how much space you already have.

We make your loft **usable** and **safe**.
